Preface.

In presenting to our patrons another volume of the Norwood and Walpole Directory, we wish to extend our thanks to all secretaries and residents who have responded to our inquiries, and aided us in collecting data for publication.

Our advertisers represent the wide-awake and enterprising merchants of their towns, and we bespeak for them a fair return for their outlay.

A thorough canvass of the towns has been made by our regular canvassers, and we trust the lists obtained will be as accurate as it is possible to obtain, remembering that constant changes are always taking place.

We have not obtained as many advertisements in Walpole as we should have, considering the extra expense we are under to include this town with Norwood.

Our book is published so seldom we think all the merchants should be represented in it by an advertisement, and put out a small sum for extra printer's ink.

It not only helps them, but encourages us to get out a good and expensive book.

Hoping to issue the book again in two or three years, we remain,

Respectfully,

UNION PUBLISHING CO.,
